

Eighth Sunday in Ordinary Time

February 27, 2022

This will not be an ordinary “reflection” I just want to talk about LENT.

Perhaps it would be wise to simply pause this weekend and recall some of the “Lents of Old”. The readings are of course from Cycle C. You have heard them before. And with each year they bring new information. But may I suggest that you and I just think about Lent, as a package. Perhaps reading all the Gospels at once with give a direction to your prayer.

And of course, the most important collection of readings is from Palm Sunday to Easter, HOLY WEEK. IN Scripture it is the Passover week. Jesus and his disciples go to Jerusalem to celebrate their HOLY DAYS> How will you and I celebrate these Holy Days? Just take the time to “relive” the Holy Week Jesus lived.

So, don't allow this Lent to get away from you or from me. Let's keep sight of the whole gift, the gift of Resurrection
